

Admissions Score Reference for Non-JUPAS Applicants

The Education University of Hong Kong

The actual results of the students admitted to each programme may vary from year to year (depending on the overall results achieved by applicants in a particular year, the number of applicants applying to the programme, changes in selection criteria, etc.). Information in this section is for reference only and should not be used to predict the chance of admission to any programme in subsequent years.

In addition to academic achievement, good portfolio in non-academic areas and outstanding performance at admission interview are also important factors for admission consideration to the programme concerned.
