#### 「Taking a Foodporn Picture of A Homemade Spicy Fragrant Pot for Dormitory Edition」

Bread is the staff of life. I enjoy the happiest moment of the day when I make a feast in the dormitory.

Sichuan peppercorns and dried chili peppers exude the fragrance of Sichuan and Chongqing when they are rejoicing in the oil pan. They are paired with ingredients such as mushroom beef and other ingredients. Pay close attention to the heat. Then take a fantastic photo to retain the great look and taste before picking up chopsticks!
