Faculty of Education
and Human Development

教育及人類發展學院

- Early Childhood Education
- Special Education
- Organization Studies
- Psychology

The Programme prepares young people who can work within a range of organizations to promote positive changes in people and communities effectively. The curriculum has a strong focus on the dynamic and interactive relationship among personal, organizational and community development.

Bachelor of Arts (Honours) in Human and Organizational Development

人類與組織發展榮譽文學士

BA(HOD)

Special Features

- An exciting programme that opens up a world of new opportunities for young people wanting to contribute to their communities.
- A cutting-edge degree that meets growing demands from industry and the community for specialists who have the skills to manage and effect change.
- A unique and innovative programme that provides new ways of thinking about people and how organizations work.
- An interdisciplinary and integrative approach that connects theory and practice.
- A 200-hour internship that gives students an authentic professional experience before graduation.

- Councilor Assistant

Bachelor of Arts (Honours) in Special Education

特殊教育榮譽文學士

BA(SE)

The Programme aims to nurture committed and skilled practitioners for the well-being of people with special needs. Graduates will work with families, schools, and communities to effectively facilitate inclusion and enhance the quality of life for people with special education needs.

Special Features

- A strong line-up of teaching staff - specialists in the areas of developmental and learning disabilities, special needs, counselling, and social work - to offer students an immersive learning experience in special education.
- A firm academic grounding in the holistic study of special education - a multitude of courses that weave together the educational, physical, and social aspects of special education.
- A cooperative interagency and interdisciplinary approach in curriculum design which is more responsive to both developmental and learning needs in school, community and social contexts.
- Professional preparation through practicum in real work settings and research project on selected topics.
- Designated clinical laboratories with cutting-edge facilities and resources for hands-on training.

Programme Structure

Domain	Credit Points (cps)
Major	
▸ Foundation Courses	30
▸ Advanced Courses	18
▸ Practical Experience	12
General Education	18
Co-curricular and Service Learning	3
Electives (including Second Major or Minors)	30
Language Enhancement	9
Total	120

Study Pathways

Graduates may continue their professional development through postgraduate studies and extend their career horizon to academic / teaching professionals, occupational therapists, speech-language pathologists, social workers, job placement specialists or consultants in the field of inclusive and special education.

Remark:

The BA(SE) alone will not lead to Qualified Teacher Status in Hong Kong, but paves the way for students to pursue careers in relation to education and human services in the future.
