Through outbound exchange, international summer school, short-term programmes and voluntary services around the world and in the Greater China region, students broaden their horizons and strengthen their language skills and confidence, which are key components for a successful career.

"Studying abroad is a significant life-changing experience and remarkable in lifetime. Physically leaving home and mentally stepping out of comfort zone are also remarkable to me. Luckily, I adapted to the new, foreign environment quickly and met amazing friends, welcoming staff and friendly professors, which all made me feel home again. After the summer school, I possess a stronger sense of belonging to the programme, become more mature and independent."
