Part II

The University’s Graduate Attributes and seven Generic Intended Learning Outcomes (GILOs) represent the attributes of ideal EdUHK graduates and their expected qualities respectively. Learning outcomes work coherently at the University (GILOs), programme (Programme Intended Learning Outcomes) and course (Course Intended Learning Outcomes) levels to achieve the goal of nurturing students with important graduate attributes.

In gist, the Graduate Attributes for Undergraduate, Taught Postgraduate and Research Postgraduate students consist of the following three domains (i.e. in short “PEER & I”):

- Professional Excellence;
- Ethical Responsibility; &
- Innovation.

The seven GILOs are:
1. Problem Solving Skills
2. Critical Thinking Skills
3. Creative Thinking Skills
4a. Oral Communication Skills
4b. Written Communication Skills
5. Social Interaction Skills
6. Ethical Decision Making
7. Global Perspectives
1. **Course Synopsis**
   This course is designed to examine a broad range of issues and debates presently taking place in international communication. The course will look into the historical background, theoretical framework which can provide students with contextual as well as analytical foundations to approach topics related to international communication. It examines the role of media as an increasingly important aspect in political life of states and societies. It also enquires how political and economic infrastructure is affecting the development of media systems. The course also explores the current development the emerging trend of media systems in the world in the Greater China region, its role in the global media system; and how the change in the global media system instigates changes within the Greater China region.

2. **Course Intended Learning Outcomes (CILOs)**
   *Upon completion of this course, students will be able to:*
   - **CILO1**: explain the development key concepts and major theories of international communication
   - **CILO2**: examine the development of the political and economic infrastructure underpinning the global system and communication
   - **CILO3**: critically evaluate the debates about international communication and the extent of its influence on social change
   - **CILO4**: examine the role of the Greater China region and its position in global communication

3. **CILOs, Content and Teaching & Learning Activities**
