

# Implementing School-Based Assessment in Hong Kong for quality education

**Francis Cheung**

**Hong Kong Examinations and Assessment Authority**

**Date : 31 March 2006**

**Venue: The Hong Kong Institute of Education**

- (1) Role of schooling
- (2) What lessons can we learnt from schools worldwide?
- (3) What can we tell about Hong Kong schools' effort?

- (4) What are the key factors that help school in actualizing their dreams?
- Time on tasks
  - Effective feedback to learning and teaching

- ## (5) What makes good feedback?
- expectations made clear to students
  - feedback provided against expectations
  - expectations represent intended education outcomes
  - feedback leads to learning

## (6) Importance of Assessment for learning

- Broader Base of assessment for feedback
- In-school feedback
- School-based assessment as an end-of-stage feedback

## (7) Where we stand?

- in-school feedback
- role of teachers in public examination

## (8) General Issues related to SBA

- fairness
- authentication
- workload
- appeal cases

# (9) Issues surrounding 2007 Chinese and English Language SBA

## (10) Chinese

- Course work
- Reading activities
- Other learning activities

## (11) English

- Text type
- Recording
- Modulation at District level

## (12) Implementation pace

- Teacher readiness
- Schedule

(13) Where do we go?
