

Research Assistant I (Ref: 2200038) Centre for Child and Family Science

The appointee will provide support to research projects. These projects investigate the influence of cognitive and language skills, and environmental factors on the literacy and social-emotional development of children at risk of language and literacy difficulties across the early years of childhood.

The appointee will be responsible for preparing test materials, testing students, interviewing parents, inviting teachers and parents to fill in checklists, conducting testing, and processing and analyzing a large data set. They will also liaise with teachers and parents as well as supervise part-time Research Assistants / Student Helpers. The appointment will be for a period of 12 months, with the possibility of renewal subject to mutual agreement.

Applicants should have a Bachelor's Degree, preferably in Psychology. They should have good multi-tasking, interpersonal, and communication skills, and the ability to work independently and responsibly as part of a team. Applicants should also have high proficiency in both written and spoken English and Chinese. Knowledge of statistical analysis is essential, while knowledge/experience in supporting children with special educational needs will be advantageous.

Salary will be commensurate with qualifications and experience.

Initial appointment will be made on a fixed-term contract. Fringe benefits include contract-end gratuity, leave, medical and dental benefits.
