

**Assistant School Partnership and Field Experience Manager (Holding a substantive rank of Project Officer) (Ref: 2300076)  
School Partnership and Field Experience Office**

In support of the Government's Job Creation Scheme 2.0 under the Anti-epidemic Fund 2.0, The Education University of Hong Kong has recently created over 50 positions covering a wide range of job functions and levels. This is in response to the difficult labour market situation in the wake of the pandemic, with an aim of providing employment opportunities for those with different skill sets, qualifications and years of experience. Applications are invited for the captioned position.

The School Partnership and Field Experience Office is looking for a motivated individual to join its team. Duties include formulating and implementing marketing plans to foster close relationships with the school and community partners and stakeholders in Hong Kong, Greater Bay Area and beyond; designing and producing multimedia materials to engage the students, school and community partners and stakeholders; supporting the implementation and administration of the different projects; engaging and coordinating with internal and external parties to ensure the smooth execution of the field-based students' activities; preparing proposals and reports on Field Experience, internship and entrepreneurial activities; and performing any other duties as assigned by the supervisor. The appointee may be required to work outside normal office hours. Initial appointment would be on short-term basis, with the possibility of renewal under the Government's Job Creation Scheme 3.0 subject to mutual agreement.

Applicants should have a Bachelor's degree with 2 or more years of post-qualification working experience in the educational sector as well as publicity and marketing fields. They should demonstrate logical thinking, good interpersonal and communication skills and the ability to work independently and/or as a team member. They should be innovative, well-organised, self-motivated, and able to work under pressure. Applicants should also have high proficiency in English and Chinese and a high level of computer literacy. Multi-tasking skills and attention to detail are essential.
