

Post-doctoral Fellow (Ref: 2500237)
Department of Science and Environmental Studies

Project Title: Relieving pain in older adults: a community-based geriatric pain management project
[Appointment Period: 12 months]

The appointee will be responsible for assisting in conducting research (in the area of astronomy and astrophysics), statistical analysis of observational data, and performing any other duties as necessary. The appointment will be for a period of around 12 months with the possibility of renewal subject to mutual agreement.

Applicants should have a PhD Degree in physics / astronomy. Applicants should have good organizational, problem-solving, interpersonal and communication skills.

For information of the Department, please visit this website: <http://www.eduhk.hk/ses>.

Salary will be commensurate with qualifications and experience.

Initial appointment will be made on a fixed-term contract. Fringe benefits include contract-end gratuity, leave, medical and dental benefits.

The University only accepts and considers applications submitted online for this post. Applicants should complete the [online application form](#) and upload a full CV. **Review of applications will start from 14 March 2025 and will continue until the post is filled.** Applications which are incomplete or without the required documents may not be considered. Personal data provided by applicants will be used for recruitment and other employment-related purposes. For details of the Personal Information Collection Statement, please refer to <http://www.eduhk.hk/jobsoff/index.php?glang=en>.

All applications will be treated in strict confidence. Only those who are shortlisted will be contacted. The University reserves the right not to fill the position(s) advertised.
