

Educational Development Officer (Ref: 2500817)
Centre for Learning, Teaching and Technology

The appointee will provide support in Artificial Intelligence (AI) education, Visual Reality (VR), 3D modeling and printing, robotics, metaverse, STEM/STEAM and a range of e-Learning and digital competency initiatives. Duties include developing and adapting training resources, organising workshops, and promoting the initiatives to university students and academic/teaching staff, liaising with internal and external parties, and drafting reports. The appointee will also be expected to carry out other duties as assigned by the Director, Executive Co-Director and Associate Directors.

Applicants should possess a recognized Bachelor's degree preferably in Education, Psychology, Social Sciences, Information Technology, Engineering or related disciplines, with 2 years or more of post-qualification working experience, preferably in tertiary institutions. Experience and knowledge in programming, such as Python will be advantageous. Applicants should be good at English and Chinese (fluent in Cantonese); have good analytical and problem-solving skills; be attentive to details; and with good interpersonal and communication skills. They should also be self-motivated and able to work independently or as a good team player. Immediate availability is preferred.

Salary will be commensurate with qualifications and experience.

Initial appointment will be made on a fixed-term contract. Fringe benefits include the University's Voluntary Contributions to MPF Scheme or a contract-end lump sum payment (totaling up to 10% of the basic salary), leave, medical and dental benefits.
