

**Post-doctoral Fellow (Ref: 2600258)**  
**Master of Arts in Chinese Values-Based Leadership Education**  
**Academy for Educational Development and Innovation**

**[Appointment Period: 12 months]**

We are excited to offer an opportunity for a dynamic and highly motivated Post-doctoral Fellow to join our expanding Master's program in Chinese Values-Based Leadership Education. This position involves a blend of teaching, research, and promotional activities, primarily focusing on the field of Neuroscience.

**Responsibilities:**

- **Research Excellence:** Conduct cutting-edge research in Neuroscience, including comprehensive literature reviews, algorithm development, programming, and detailed data analysis.
- **Teaching and Curriculum Development:** Assist in the teaching of Master's level courses, including curriculum development and assessments.
- **Student Supervision:** Mentor and supervise Master's students' research projects, especially those involving advanced Neuroscience techniques such as EEG, MEG, or MRI/fMRI.
- **Promotion and Representation:** Actively promote the Master's program at academic and industry conferences, seminars, and other promotional events.
- **Collaborative Funding Initiatives:** Work closely with faculty and other researchers to develop proposals for securing research funding.
- **Publication and Presentation:** Publish findings in peer-reviewed journals and present them at international conferences. Draft research reports and support the research team administratively.

**Qualifications:**

- **Educational Background:** PhD in a related field with a robust publication record. Demonstrable experience in Neuroscience is crucial.
- **Teaching Experience:** Proven experience in teaching at the university level, with a keen ability to engage and educate Master's students effectively.
- **Leadership and Project Management:** Strong leadership skills with at least one year of post-qualification experience in project management. Ability to coordinate projects in team settings, handle challenging situations, and liaise with internal and external stakeholders effectively.
- **Technical Proficiency:** High level of proficiency in computer applications such as Excel, Access, and Chinese word processing. Expertise in statistical analysis, including familiarity with statistical software like MPlus and proficiency in multi-level analysis and social network analysis.
- **Communication Skills:** Excellent communication, organization, and negotiation skills are essential. Must be proficient in English and Chinese, including Putonghua.
- **Personal Qualities:** A good team player who is attentive to details, highly self-motivated, and capable of working under pressure. Immediate availability is preferred.

This position offers an excellent opportunity for those looking to make significant contributions to the field of educational leadership, with a strong emphasis on Neuroscience research. If you are driven and looking for a role where education meets cutting-edge research, we would love to hear from you.

Applicants who have responded to previous advertisement (Ref.:2501144) for the same position is under consideration and need not reapply.

---

Salary will be commensurate with qualifications and experience.

Initial appointment will be made on a fixed-term contract. Fringe benefits include contract-end gratuity, leave, medical and dental benefits.

The University only accepts and considers applications submitted online for this post. Applicants should complete the [online application form](#) and upload a full CV on or before **4 May 2026**. Applications which are incomplete or without the required documents may not be considered. Personal data provided by applicants will be used for recruitment and other employment-related purposes. For details of the Personal Information Collection Statement, please refer to <http://www.eduhk.hk/jobsoopp/index.php?glang=en>.

All applications will be treated in strict confidence. Only those who are shortlisted will be contacted. The University reserves the right not to fill the position(s) advertised.
