The Education University of Hong Kong

Computer Officer (Ref: 2600963)
Artificial Intelligence and Digital Competency Education Centre

The appointee will support an artificial intelligence (AI) education platform project on promoting innovative pedagogies. The appointee will assist in maintaining the operation of the AI education platform; developing AI chatbots for the school subjects, and integrating the chatbots into the platform; assisting in organising workshops and providing training for users; and resolving technical issues encountered when using the platform. He/She will also be expected to carry out other duties as assigned by the Centre Director. The appointment will be for a period of 2 years.

Applicants should have a Bachelor Degree, preferably a Master's Degree, in Computer Science, Information Technology Management and/or related disciplines, at least 7 years of relevant post-qualification experience, and also a good command of written English and Chinese.

Applicants should be capable of managing multiple tasks and priorities effectively. They should be effective team players, attentive to detail, highly self-motivated, and able to work independently under pressure. Experience in artificial intelligence related project is highly desirable.

Salary will be commensurate with qualifications and experience.

Initial appointment will be made on a fixed-term contract. Fringe benefits include the University's Voluntary Contributions to MPF Scheme or a contract-end lump sum payment (totaling up to 10% of the basic salary), leave, medical and dental benefits.

The University only accepts and considers applications submitted online for this post. Applicants should complete the online application form and upload a full CV on or before **17 November 2026**. Applications which are incomplete or without the required documents may not be considered. Personal data provided by applicants will be used for recruitment and other employment-related purposes.
