# Part II

The University's Graduate Attributes and seven Generic Intended Learning Outcomes (GILOs) represent the attributes of ideal EdUHK graduates and their expected qualities respectively. Learning outcomes work coherently at the University (GILOs), programme (Programme Intended Learning Outcomes) and course (Course Intended Learning Outcomes) levels to achieve the goal of nurturing students with important graduate attributes.

In gist, the Graduate Attributes for Undergraduate, Taught Postgraduate and Research Postgraduate students consist of the following three domains (i.e. in short "PEER & I"):

- Professional Excellence;
- Ethical Responsibility; &
- Innovation.

The descriptors under these three domains are different for the three groups of students in order to reflect the respective level of Graduate Attributes.

The seven GILOs are:

- 1. Problem Solving Skills
- 2. Critical Thinking Skills
- 3. Creative Thinking Skills
- 4a. Oral Communication Skills
- 4b. Written Communication Skills
- 5. Social Interaction Skills
- 6. Ethical Decision Making
- 7. Global Perspectives

### 1. Course Synopsis

The course is based on the principle that language learning is an integral part of subject learning and that language and content cannot be separated. The course will build on participants' knowledge, skills and experiences in teaching their KLAs / subjects in the English medium and aims to further promote their effectiveness in the delivery of content knowledge in the English medium. The course reflects the belief that subject teachers should be aware of the role of language in learning, should recognize the demands placed upon students in their negotiation of academic language, and should be able to draw upon a range of strategies to support the development of academic language.

# 2. Course Intended Learning Outcomes (CILOs)

Upon completion of this course, students will be able to:

- CILO<sub>1</sub> Understand the background and underlying principles of teaching in the English medium;
- CILO<sub>2</sub> Understand the role of language in learning and the principles of wholeschool language policies;
- CILO<sub>3</sub> Understand how language and other meaning-making systems construct meaning in their subjects;
- CILO<sub>4</sub> Scaffold students so as to optimize their learning effectiveness in the English medium;
- CILO<sub>5</sub> Demonstrate awareness and pedagogies in curriculum development and adaption to suit students' needs;
- CILO<sub>6</sub> Demonstrate awareness, knowledge and skills in evaluating and monitoring the effectiveness of teaching and learning in the English medium; and
