The University’s Graduate Attributes and seven Generic Intended Learning Outcomes (GILOs) represent the attributes of ideal EdUHK graduates and their expected qualities respectively. Learning outcomes work coherently at the University (GILOs), programme (Programme Intended Learning Outcomes) and course (Course Intended Learning Outcomes) levels to achieve the goal of nurturing students with important graduate attributes.

In gist, the Graduate Attributes for Undergraduate, Taught Postgraduate and Research Postgraduate students consist of the following three domains (i.e. in short “PEER & I”):

- Professional Excellence;
- Ethical Responsibility; &
- Innovation.

The descriptors under these three domains are different for the three groups of students in order to reflect the respective level of Graduate Attributes.

The seven GILOs are:
1. Problem Solving Skills
2. Critical Thinking Skills
3. Creative Thinking Skills
4a. Oral Communication Skills
4b. Written Communication Skills
5. Social Interaction Skills
6. Ethical Decision Making
7. Global Perspectives
1. Course Synopsis

This course explores the rationale, principles and strategies for teaching grammar in context to better support English language teaching and learning in KS2 and KS3. It introduces a text-based, meaning-focused approach to grammar teaching, supported with a variety of classroom teaching strategies. The course will facilitate teachers in enabling their students to raise their grammatical awareness and understand grammar forms as meaning in context, thus addressing language fluency, comprehension and accuracy in both a contextualized and coherent way. Teachers will analyse and evaluate samples of appropriate learning materials as well as adapt and design their own materials suitable for their students.

2. Course Intended Learning Outcomes (CILOs)

Upon completion of this course, students will be able to:

CILO1 Analyse the effectiveness of current grammar teaching approaches and practices and develop an understanding of the principles and strategies for contextualized grammar teaching and form-meaning relationships (PILO1);

CILO2 Design and evaluate practical activities to support students’ grammar learning (PILO2); and

CILO3 Strengthen both competence and confidence in the teaching of grammar in context in KS2 and KS3 English classrooms (PILO3).

3. Course Intended Language Learning Outcomes (CILLOs)

Upon completion of this course, students will be able to:

CILLO1 Further develop their grammatical awareness and competence.

Mode of Delivery

To cater for the schedules of teachers in schools and their difficulties in being released from teaching, the programme will be offered on 5 consecutive Saturdays twice a year, once in Semester 1 (18, 25 November and 2, 9 and 16 December 2017) and once in Semester 2 (2, 9, 16, 23 and 30 June 2018).

Each Saturday will be a stand-alone seminar exploring a strategy for teaching grammar in context, an area currently identified by EdB as a priority for teachers’ professional development.

Participants who attend all of the 5 Saturday sessions and complete the assignment tasks either within one semester or across two semesters, will be considered as having completed the course, and will be awarded a certificate of programme completion.

The 30 course hours are organized as follows: 5 Saturdays x 6 hours (3 hours of lecture / modelling / workshop / seminar / discussion in the morning + 3 hours of guided directed study / presentation / sharing in the afternoon)
