Special Features
- Supervision and teaching by internationally renowned researchers in different specialised areas
- Research emphasis
- Focused-resources in education and related disciplines
- Affiliation to the University-level or Faculty-level research centres, according to student research areas
- State-of-the-art learning facilities
- Financial study assistance available
Participants
Talented and enthusiastic individuals interested in research, aspiring academics, or those aiming to become teacher educators.

Programme Structure
The programme comprises core courses and independent research under the guidance of supervisors and academic advisors.

Curriculum
Students pursuing MPhil or PhD studies are first required to register provisionally for the degree and their registration will be confirmed after successfully undertaking a Confirmation of Candidature. The Confirmation of Candidature is expected to be taken after 12 months of study.

The confirmation process provides an opportunity for the students to submit and obtain recommendations on a plan for the structure of their research programmes, describe the investigative programme, and identify the range of expertise necessary to complete the research.

Application for an upgrade from MPhil to PhD will be considered after confirmation of candidature and completion of the coursework requirements.

Financial Assistance
All full-time research students are automatically considered for Research Postgraduate Studentship. The value of the studentship shall be determined by the University when necessary. The monthly stipend for the 2018-2019 academic year is HK$16,200 (approximately US$2,070) for all MPhil and PhD students and HK$16,500 (approximately US$2,110) for post-candidacy PhD students. Conference and research support will also be provided to each student. Students can also apply for the Hong Kong PhD Fellowship Scheme or other financial aids such as part-time assistantships, subject to satisfactory progress and availability of funding.

- Online delivery
- Flexible structure and innovative learning
- Global reputation and alliances
- Regionally-focused teaching
- International scope and content
- World-class leadership development
- Networking opportunities
- Gateway to further study

**Participants**
This programme is designed to develop leaders with the capacity to operate successfully in an international leadership environment, and lead educational change in the East Asian context. Practicing and aspiring school leaders, including principals, middle leaders, teacher leaders, curriculum leaders and NGO managers are encouraged to apply. Participants should also be highly motivated, ambitious, willing to question and share expertise.

**Programme Structure**
The degree programme comprises 6 courses taught online, a residential School Improvement Institute and a School-based Inquiry Project.

**Online Courses**
- Organizational Behavior
- Effective School Leadership
- International Perspectives on Educational Reform
- Leading Organisational Change
- Leading Professional Learning
- Leading Learning Organisations
**IB Certificates**

EdUHK is collaborating with the International Baccalaureate to offer two postgraduate leadership certificates: IB Certificate in Leadership Practice and IB Advanced Certificate in Leadership Research. Participants in the IELC have the option of completing the two IB certificates concurrently to meet the degree requirements of the IELC.

**IB ADVANCED CERTIFICATE IN LEADERSHIP RESEARCH**

The IB Advanced Certificate in Leadership Research uses rigorous investigative work to give educators and administrators a more profound understanding of IB leadership responsibilities and capabilities. It includes research within the context of IB leadership as well as deep reflection on personal leadership practice. It is tailored for:

- Individuals who have already gained leadership experience in IB contexts
- School heads, curriculum coordinators, heads of department and professional development leaders who wish to reflect on their own leadership capabilities and issues in the contexts in which they are working
IELC participants who wish to earn the IB Advanced Certificate in Leadership Research may do so by completing all IELC coursework. Assessments should be related to matters pertaining to leading in IB contexts, this includes the School-based Inquiry Project, which asks participants to conduct a focused study of leading change.

The IELC offers credit exemption for participants who have completed programmes of the Ontario Principals Council and International School Leadership Ltd.

Online coursework is supported through communication with academic staff by Facebook, Skype, telephone, email and discussion boards. As a participant you will also have access to support offered by a number of service providers within The Education University of Hong Kong including the Library, the Department of Education Policy and Leadership (EPL), and The Joseph Lau Luen Hung Charitable Trust Asia Pacific Centre for Leadership and Change (APCLC).

In Cooperation with

International Baccalaureate

The Joseph Lau Luen Hung Charitable Trust Asia Pacific Centre for Leadership and Change

Mode of Study

The courses are delivered by distance education. The use of online technologies enriches the learning experience and provides participants with the flexibility to integrate and manage their study and professional commitments. Online delivery also facilitates communication, work and networking with supervisors, fellow participants and international professional experts introduced in the programme.

Once you enrol as a participant, you will receive Internet access information and an email account. For each course, detailed study materials including lecture notes, sets of readings and assessment tasks will be provided via a dedicated online programme website. Our lecture streaming service will provide you with online access to narrated presentations for all of the courses.

Programme Curriculum

The curriculum is modelled on that of the American Speech-Language-Hearing Association (ASHA), the professional and credentialing association for audiologists, speech-language pathologists and scientists. The programme is more than just a medical study of speech-language pathology; it is designed to focus on supporting students in educational settings. The integration of the two disciplines of speech-language pathology and learning disabilities makes this programme a unique, innovative, and comprehensive postgraduate training.

Professional Study includes a range of professional courses to help participants build a strong knowledge of typical and disordered human communication, learning and swallowing processes in individuals from infancy to late adulthood, and principles and methods of assessment and intervention.

Practicum is an integral part of the MScESLPLD curriculum, and a bridge between classroom learning and the realities of practice. Practicum sessions will be conducted to give participants the opportunity to apply subject knowledge, assessment and intervention skills. Participants will have access to different facets of the community, and work with diverse client communities.

Research Methods provides an in-depth study of research design, methods and applications to foster participants' critical thinking and problem-solving. Participants will undertake research and investigatory analysis that help in their research project and future professional practice.

Special Features

- The first master’s programme in Hong Kong that studies both speech-language pathology and learning disabilities to offer professional training for the next generation of speech-language pathologists
- The Programme has been fully endorsed by the Hong Kong Institute of Speech Therapists (www.hkist.org.hk). Graduates of the programme are eligible to apply to be "Member of Register of Speech Therapists accredited by Department of Health"
- Curriculum follows the standards of the American Speech Language-Hearing Association (ASHA, www.asha.org), with additional components to cater for the needs of different educational contexts and Chinese communities
- A unique, innovative and comprehensive postgraduate training programme – built on a dual-core framework (speech-language pathology and learning disabilities), grounded in contemporary research and evidence-based practices, focused on reflection and inquiry
- Purpose-built clinical research unit with state-of-the-art facilities for training, client / community services and research
- Extensive practicum component, supervised by qualified speech-language pathologists in Hong Kong and / or nearby regions
- Programme managed by the Department of Special Education and Counselling, the only affiliated society of the International Association of Logopedics and Phoniatrics (IALP, www.ialp.info) in China
- Students have the opportunity to participate in the annual European Speech-Language Therapy Summer School

Participants

Those who wish to embark on a professional career in speech-language pathology.
