What is Positive Psychology?

- **Positive psychology** is the scientific study of positive subjective experiences, positive individual traits, and positive institutions that promote quality of life and prevent pathologies from occurring.

What is Positive Education?

- **Positive education** is an approach that integrates evidence-based means of promoting character, life skills, and well-being with traditional education principles for academic learning.

Special Features of MA(PPE)

- **One of the first in Hong Kong** to address the interplay between positive psychology and positive education
- **One of the first in Asia** to provide training in positive psychology and positive education
- Emphasises the **integration of theory and practice**
- On successful completion of the course “Youth Mental Health First Aid”, students become qualified **Youth Mental Health First Aiders**, with a Certificate in Youth Mental Health First Aid issued by the Mental Health Association of Hong Kong

Programme Intended Learning Outcomes

- Upon successful completion of the programme, students should be able to:

PILO₁ **demonstrate** a comprehensive understanding of professional knowledge in positive psychology and positive education;

PILO₂ **utilise** major positive psychological theories/principles to identify and analyse factors influencing well-being through different perspectives;

PILO₃ **integrate** major theories/principles of positive psychology to innovatively and sensibly address real life issues and challenges in educational and community settings;

PILO₄ **evaluate** theoretical foundations and practical applications of positive psychology and positive education using rigorous scientific principles and ethical standards; and

PILO₅ **design and implement** professional, effective, and ethical positive psychology interventions and positive education programmes in local, regional, and global contexts.

Participants

- Bachelor degree holders, especially those who wish to build a career or pursue further studies in areas of psychology and education.

Medium of Instruction

- The medium of instruction is English.

Programme Structure

- The programme comprises **24 credit points (cps)**
 - **One year of full-time** or **Two years of part-time**
- Students are required to complete
 - **5 core courses** and **3 (out of 4) elective courses** for graduation
 - Each course carries 3 cps
- Classes are scheduled on **weekday evenings** (6:30pm – 9:20pm) and/or **Saturdays** at the EdUHK Tai Po campus
