STUDENT TESTIMONIALS

Mr TOLEUOV ALIMZHAN (Kazakhstan)

Bachelor of Science (Honours) in Integrated Environmental Management

Studying at EdUHK as an international student has been a deeply rewarding experience. Over the past three years, I have built strong connections with both local and international peers. Having a vibrant Kazakh community on campus creates a comforting home away from home — a space to celebrate traditional holidays, mark personal milestones, and stay connected through our native language. Furthermore, receiving a generous scholarship made choosing EdUHK an easy decision, while its well-structured academic schedule allows me to maintain a healthy study-life balance.

EdUHK and my department actively invest in student growth by providing extensive avenues for professional development. Students have access to funded exchange programmes, internships, paid on-campus research projects, specialized workshops, and academic conferences. My time here has shown me that EdUHK offers endless opportunities to excel — we simply need to step forward and seize them.

Ms KIM YOON JI (Korea)

Bachelor of Education (Honours) (Chinese Language)

I chose The Education University of Hong Kong (EdUHK) because my goal of becoming a teacher has always been absolute, and the university offers the highest caliber of specialized teacher training. Over the past five years, the programme's exceptionally well-structured curriculum has provided a comprehensive foundation — seamlessly blending fundamental theory, advanced pedagogical strategies, immersion experiences, and hands-on practice.

Participating in the international exchange programme significantly expanded my global perspective. Immersing myself in a vibrant new culture and engaging with individuals from diverse backgrounds strengthened my intercultural communication skills. Beyond the academic coursework, the teaching practicum and block practice were truly transformative. Stepping directly into local classrooms provided authentic experience with the Hong Kong curriculum, allowing me to convert theoretical concepts into practical teaching strategies while managing real classroom dynamics. This invaluable experience built my confidence as an educator, affirmed my long-term career aspirations, and ignited my lifelong passion for teaching.
