About HKIED

The Hong Kong Institute of Education (HKIED) was established in 1994. As the largest teacher education provider in Hong Kong, their focus remains teacher education, guided by an "Education-plus" framework. Under this framework, they continue to broaden the range of our disciplines and subject specialisation. Today, 84% of Hong Kong's primary school teachers and 30% of secondary school teachers are graduates of HKIED. They are a pioneer in early childhood education and have trained, over the years, some 80% of Hong Kong's kindergarten teachers.
