CIVILIZATIONS ABOUT CITIES AND EDUCATION

IX – X вв.

Al-Farabi – philosopher and educator of the East

Treatise on the views of virtuous city residents:

«The greatest good and highest perfection can be achieved primarily by a city, not society, which stands on a lower stage of perfection»

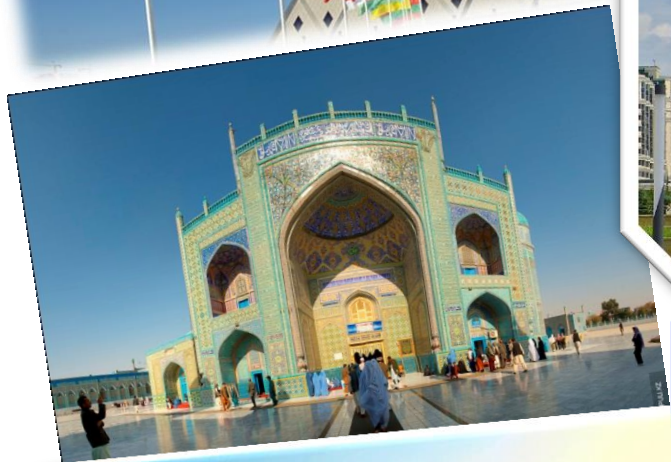

XX – XXI вв.

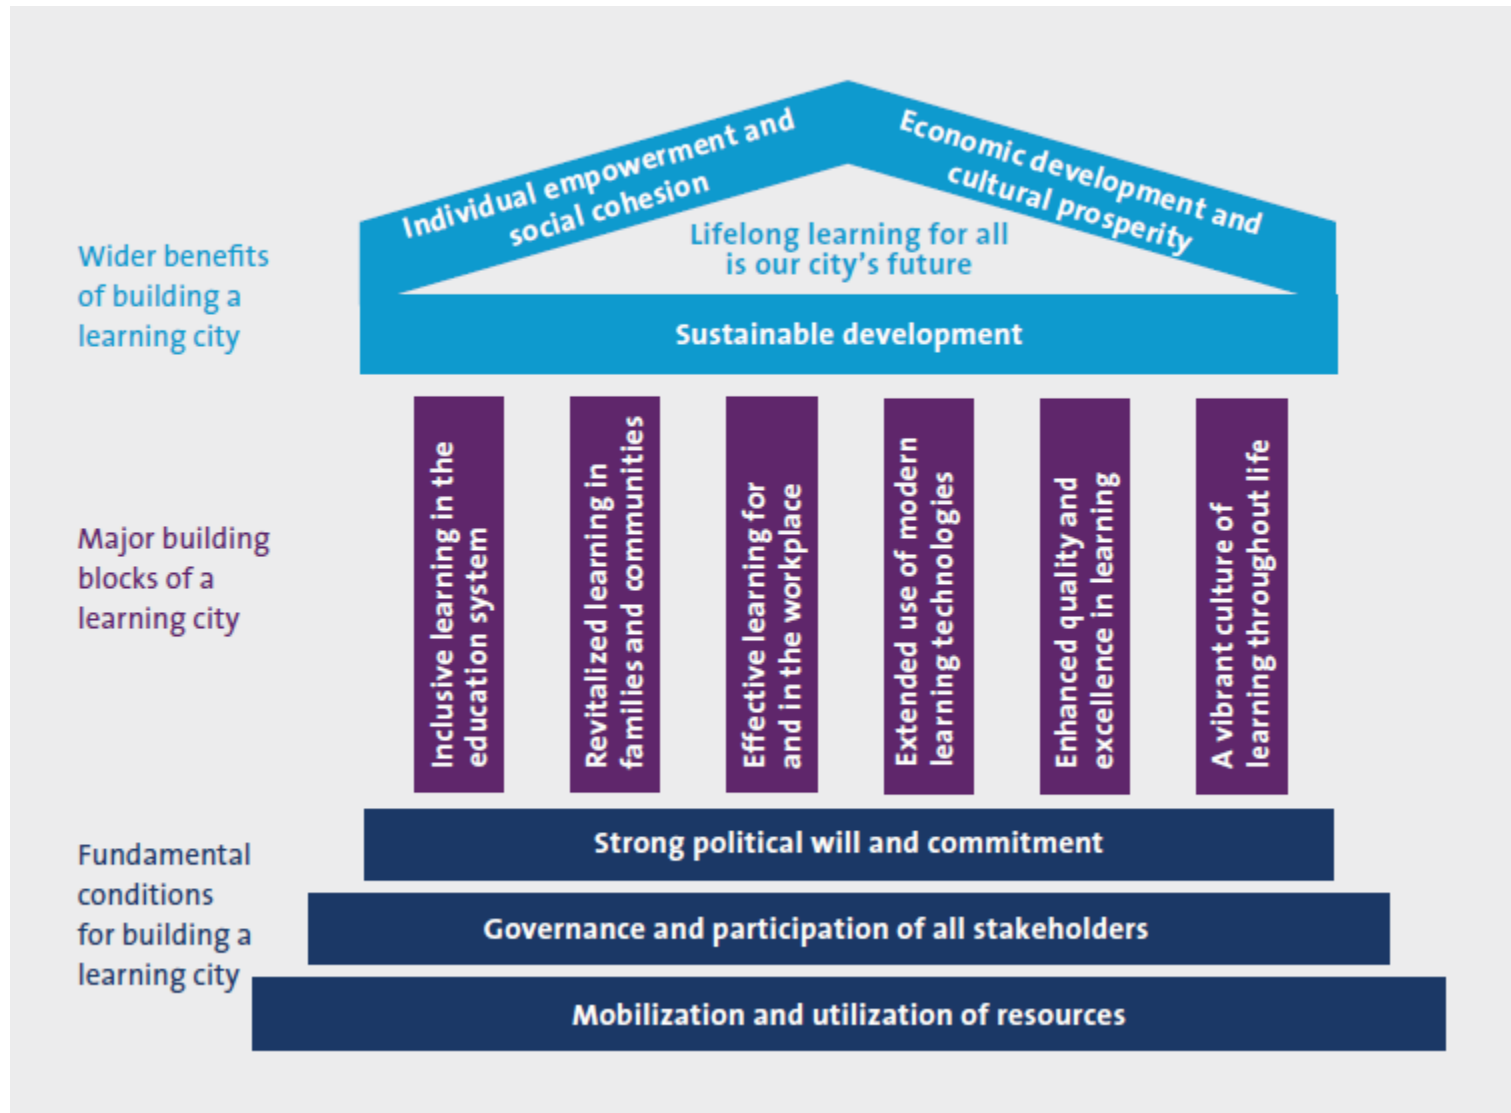

Kofi Annan – United Nations Secretary-General 01.01.1997-31.12.2006

«...the principles of freedom, democracy and sustainable development are built on education... There is nothing more important, no other mission, except the education for everybody ...».
