

Training Course for Special School Teachers (2017 - 2018)

The TCSST aims at enabling participants to further strengthen their understanding and application of the theories, knowledge and skills in supporting students (including non-Chinese speaking students) with severe or multiple disabilities (SMD) in special schools and raising the learning outcomes of these students. The participants should also be alerted to utilizing internal and external professional support and resources, where appropriate, to cater for the educational needs of these students.
