

Research Assistant II (Ref: RAI/SES/0820)
Department of Science and Environmental Studies

The appointee will assist in conducting chemistry research. He/she will be responsible for performing synthesis and characterization of ligands and coordination compounds, analyzing experimental data, writing reports and performing any other duties as assigned by the project leader. The appointment will be for a period of 6 months, with the possibility of reappointment subject to mutual agreement.

Applicants should have at least Level 2 or equivalent or above in five subjects including Chinese Language, English Language, Mathematics in HKDSE; or Grade E (Level 2) or above in five subjects including Chinese, English (Syllabus B) and Mathematics in HKCEE or equivalent. Preference will be given to applicants with a Bachelor's degree in Chemistry or other relevant disciplines. Applicants should possess technical skills and extensive hands-on experience in organic synthesis. Knowledge in chemical instrumentation will be an advantage. Applicants should be creative, self-motivated with a strong sense of responsibility. The ability to work independently, good organizational and problem-solving skills, as well as good communication skills in English and Chinese are essential.

Salary will be commensurate with qualifications and experience. Fringe benefits include leave and outpatient medical benefits.
