Part II

The University's Graduate Attributes and seven Generic Intended Learning Outcomes (GILOs) represent the attributes of ideal EdUHK graduates and their expected qualities respectively. Learning outcomes work coherently at the University (GILOs), programme (Programme Intended Learning Outcomes) and course (Course Intended Learning Outcomes) levels to achieve the goal of nurturing students with important graduate attributes.

In gist, the Graduate Attributes for Undergraduate, Taught Postgraduate and Research Postgraduate students consist of the following three domains (i.e. in short "PEER & I"):

- **Professional Excellence**;
- Ethical Responsibility; &
- Innovation.

The descriptors under these three domains are different for the three groups of students in order to reflect the respective level of Graduate Attributes.

The seven GILOs are:

- 1. Problem Solving Skills
- 2. Critical Thinking Skills
- 3. Creative Thinking Skills
- 4a. Oral Communication Skills
- 4b. Written Communication Skills
- 5. Social Interaction Skills
- 6. Ethical Decision Making
- 7. Global Perspectives

1. Course Synopsis

Effective financial management is a pillar for social entrepreneurship. This course aims to introduce students to the basic issues and problems confronting those responsible for the management of financial resources. With an emphasis on social enterprises, the course will compare and contrast budgeting and financial management in the public, non-profit, and private sectors, examining their origins, principles and constraints. In particular, it will cover the following contents: a) budget and management process and procedures, cash management, accounting and auditing practice; b) methods and tools for financial planning, implementation, and reporting; c) revenue and fiscal sustainability for social entrepreneurs.

It aims to provide students with critical insight into the tradition of financial control and budgeting, the evolution of budgetary models and approaches, and the recent trends for enhancing autonomy, fiscal transparency, efficiency and financial accountability.

2. Course Intended Learning Outcomes (CILO_s)

Upon completion of this course, students will be able to:

- CILO₁ explain the key concepts, debates, strategies and trends in the management of financial resources, and the major differences in budgeting and financial management practices in the public, non-profit, and private sectors;
- CILO₂ relate the principles, theories and approaches of financial resource management to social entrepreneurship;
- CILO₃ appraise the nature, purposes and degree of effectiveness of budgeting and financial management; and
- CILO₄ identify problems and solutions in financial resource management.
