# Hong Kong Is Not Over, Why and How?:

## Economic reset and international impact

Investment and consumption in Hong Kong's economy have not fully recovered as expected post-COVID. Some blame it on the city's political situation as well as the economic troubles on the mainland. Pessimists warn that Hong Kong's long-cherished East-West intermediary role is over amid the changing geopolitics. Just rebutting such doomsday talk is not enough. At this critical juncture, Hong Kong needs more actions in re-strategizing and repositioning to secure an economic reset and restore its international impact.

### Date & Time

19 October 2024, Saturday 10am - 12nn

### Language

English

### Venue

Council Chamber Foyer, Room 7337 (Lift 13-15)  
Academic Building, HKUST

### Format

Zoom Webinar

\*Webinar details will be sent to attendees' email in due course

Facebook live streaming:

HKUST PPOL Facebook Page  
EdUHK SSPS Facebook Page

### Moderator

**Prof. Naubahar Sharif**

Head, PPOL, HKUST
