Part II

The University's Graduate Attributes and seven Generic Intended Learning Outcomes (GILOs) represent the attributes of ideal EdUHK graduates and their expected qualities respectively. Learning outcomes work coherently at the University (GILOs), programme (Programme Intended Learning Outcomes) and course (Course Intended Learning Outcomes) levels to achieve the goal of nurturing students with important graduate attributes.

In gist, the Graduate Attributes for Sub-degree, Undergraduate, Taught Postgraduate, Professional Doctorate and Research Postgraduate students consist of the following three domains (i.e. in short "PEER & I"):

- Professional Excellence;
- Ethical Responsibility; &
- Innovation.

The descriptors under these three domains are different for the three groups of students in order to reflect the respective level of Graduate Attributes.

The seven GILOs are:

1. Problem Solving Skills
2. Critical Thinking Skills
3. Creative Thinking Skills
- 4a. Oral Communication Skills
- 4b. Written Communication Skills
5. Social Interaction Skills
6. Ethical Decision Making
7. Global Perspectives

1. Course Synopsis

Globalisation has unleashed a set of new socio-economic and political dynamics that transform the population geographies of the world. This course will explore these changing dynamics lead to quantitative and qualitative changes in the pattern of transnational migration. It will examine topical issues such as the geopolitics of refugees; remittance; high-skilled labour migrants; socio-cultural integration of migrants; and environmental refugees. It will also look at the emergence of global migration governance and focus on how different global, national and urban policy actors have been involved in addressing issues related to forced migration. This course will use contemporary examples to illustrate the complex interplay between globalisation, migration and development.

2. Course Intended Learning Outcomes (CILOs)

Upon completion of this course, students will be able to:

- CILO₁ Explain the factors affecting the dynamics of international migration;
- CILO₂ Explain how migrations engender challenges in the local socio-economic development and human security;
- CILO₃ Examine how different everyday practices of migrants transform the urban landscape;
- CILO₄ Identify the challenges and opportunities of global migration governance in addressing the problems related to transnational migration.
