#### Part II

The University's Graduate Attributes and seven Generic Intended Learning Outcomes (GILOs) represent the attributes of ideal EdUHK graduates and their expected qualities respectively. Learning outcomes work coherently at the University (GILOs), programme (Programme Intended Learning Outcomes) and course (Course Intended Learning Outcomes) levels to achieve the goal of nurturing students with important graduate attributes.

In gist, the Graduate Attributes for Sub-degree, Undergraduate, Taught Postgraduate, Professional Doctorate and Research Postgraduate students consist of the following three domains (i.e. in short "PEER & I"):

- Professional Excellence;
- Ethical Responsibility; &
- Innovation.

The descriptors under these three domains are different for the three groups of students in order to reflect the respective level of Graduate Attributes.

The seven GILOs are:

1. Problem Solving Skills
2. Critical Thinking Skills
3. Creative Thinking Skills
- 4a. Oral Communication Skills
- 4b. Written Communication Skills
5. Social Interaction Skills
6. Ethical Decision Making
7. Global Perspectives

## 1. Course Synopsis

This course focuses on an overview of the ethical standards and decision-making in finance. The course covers the importance, issues, and theories of ethics in finance. Main topic areas include overview fundamentals of finance ethics and their application in personal financial management and decision-making. Participants are able to gain a better understanding of ethical issues confronting financial professionals, apply ethical behavior in everyday business practices, and reflect on financial decision-making process to pursue a better personal financial management.

## 2. Course Intended Learning Outcomes (CILOs)

*Upon completion of this course, participants will be able to:*

- CILO<sub>1</sub> Identify the importance of ethics and the ethical issues in the financial market;
- CILO<sub>2</sub> Examine the roles and functions of ethical standards and legal requirements in finance to inform proper ethical decision making in personal financial management;
- CILO<sub>3</sub> Analyse critically the impact of ethical standards and legal requirements on decision making in financial management;
- CILO<sub>4</sub> Develop a deeper understanding of the relationship between ethics and decision-making in personal financial management;
- CILO<sub>5</sub> Reflect the ethical application in personal financial management and in the financial market.
